

How to Setup Passwordless SSH Login

- Create a pair of public/private keys

```
ssh-keygen
```

- Copy your public key to your Unix account. E.g.

```
ssh-copy-id lehn@theon.mathematik.uni-ulm.de
```

- Create file .ssh/config with an edito

```
host theon  
hostname theon.mathematik.uni-ulm.de  
user lehn
```
